

# Drake Music

disability Instrument making...

"many people can't play instruments"

Co-design methodology - work with musician personally  
"there's no such thing as a universal instrument"

## All Clap

(Orchestra)

make instrument replicas

for excited experience

- Violin (examples)

"mainly because disabled

- harp

- Trombone

people want a duet with musicians"

- ~~W~~ Ohbo

↑ ↑

'Touch sensitive instruments'

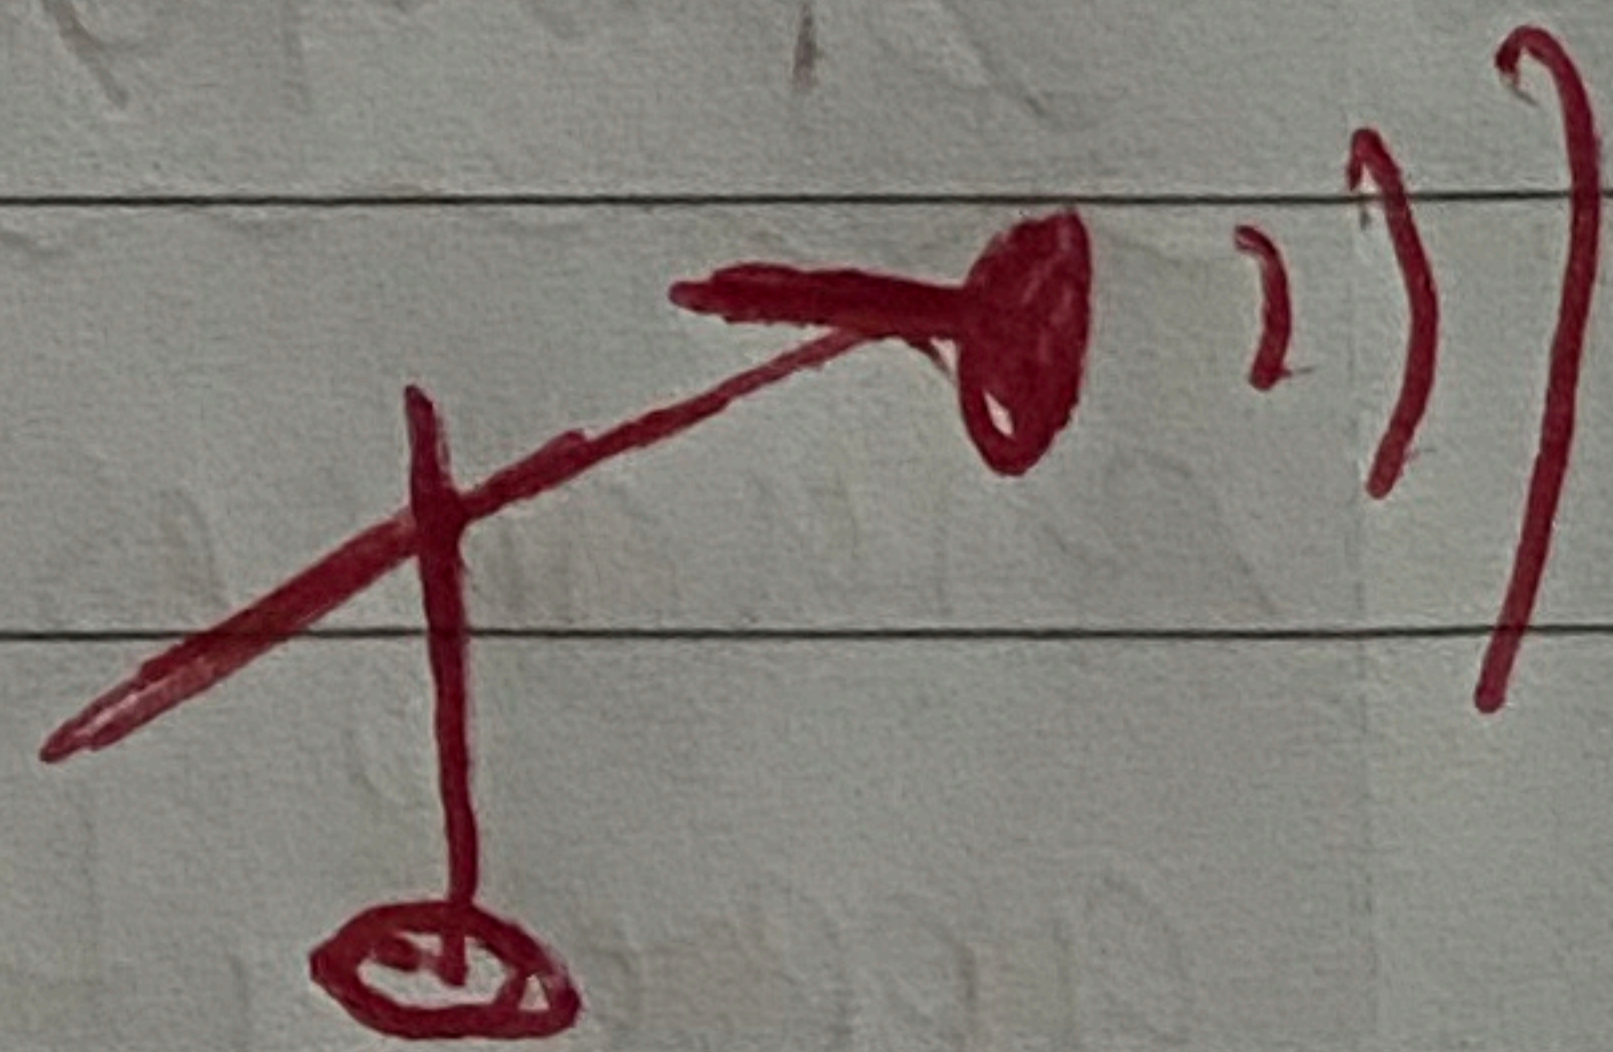

include self contained sound - power - speaker

acoustic instrument replicas

Sound Beam - \$3000 - 22 years old

(Commercial)

DISTANCE SENSOR & conforms into MIDI

## 'General Use Instruments'

important to note,  
click-haptic feedback - perceived through all  
realms of reality (senses)

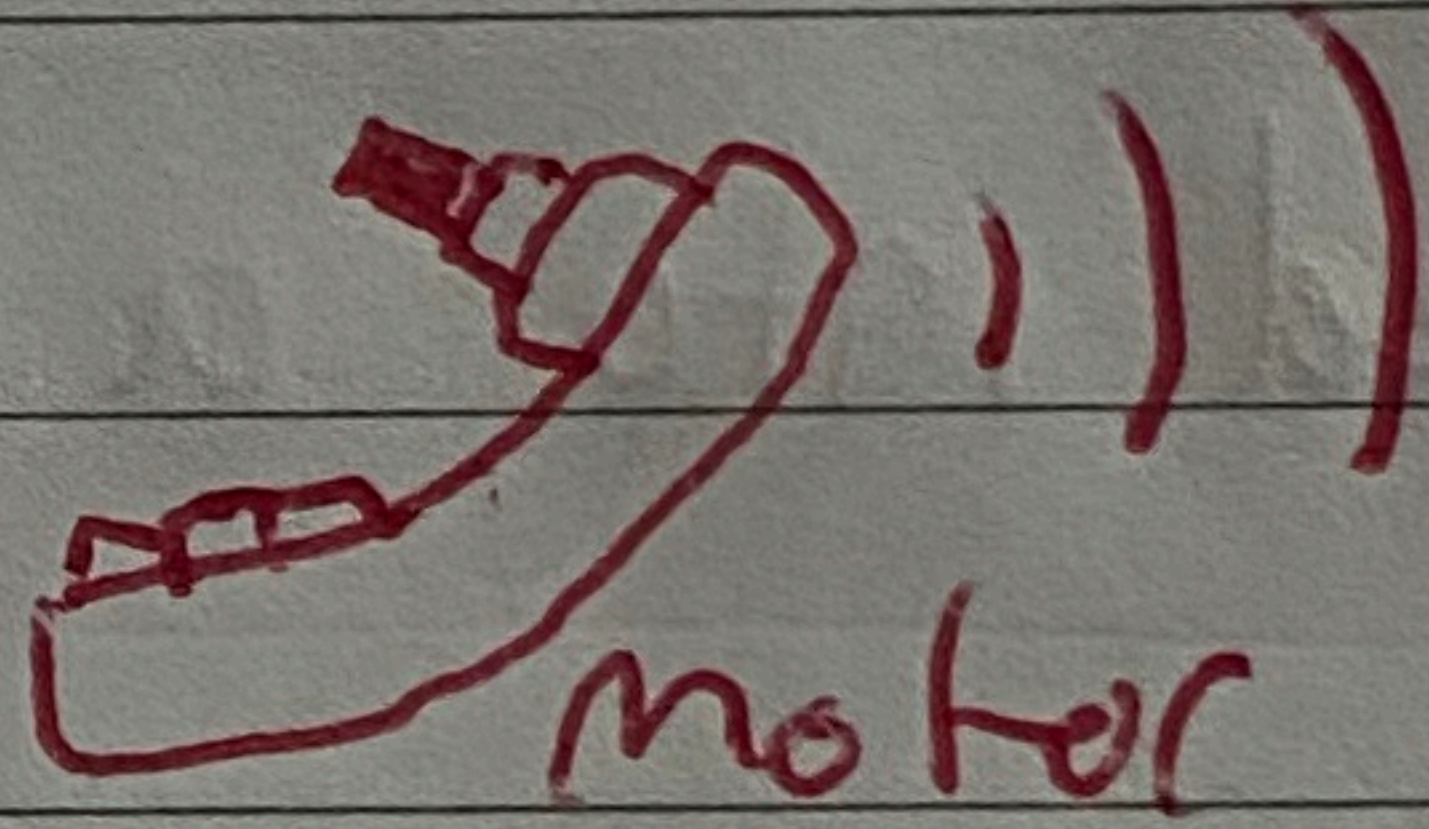

app - Thumb Jam

'accessibility instrument app'

Setting one needed/lesson to be made EASY.

## [MIDI controller]

Origins, wheelchair

because they are aware of their motor  
by turning ~~the~~ a specific instrument into  
a practical tool.

---

## 'Medical' model

'needs to be fixed'

old fashion viewpoint

## 'Social' model

'environment disabled us'

"maybe our stairs were 5x bigger"

• Drake music are trying to provide  
access
